TAX COMMITTEE MEETS

Officers of the new Randall County tax study committee are from left, Walter Graham, Canyon, vice chairman; Virgil Henson, Canyon, chairman; and Clayton Heare, Amarillo, secretary. The committee met for the first time Monday.

Henson Chairman, Name Sub Groups

Virgil Henson was named chairman of a 9-man tax study committee appointed by Randall County commissioners court.

Henson is financial vice president of West Texas State University.

The committee met for the first time Monday and will meet again Sept. 3.

Walter Graham, Canyon rancher, was elected vice chairman of the committee and Clayton Heare, Amarillo attorney, was chosen secretary.

Other members of the committee include Charlie Gerald, Canyon farmer; Forrest Gruner, Canyon farmer; Louis Hinders, Canyon dairyman; Hugo Lowenstern, Amarillo realtor; Tom Dawkins, Amarillo developer; and Larry Wright, vice president of Amarillo National Bank.

All members of the committee except Lowenstern live in Randall County. Lowenstern owns property in Randall County and is one of the state's outstanding tax and real estate experts.

The committee met with commissioners court briefly and went into session in the grand jury room adjacent the district court room.

Hinders and Lowenstern were requested to do a study of the history of Randall County tax assessment and to bring a report at the next committee meeting.

Gerald and Wright will study taxation of various camparable properties and report to the committee on their findings.

"We hope to be able to go on from there," declared Henson.

The committee was appointed about the middle of July after there was a threatened tax suit against the county.

It was Dawkins, a member of the committee, who threatened the suit. He said city taxpayers are carrying an inordinate portion of the county tax load and that rural property is not on the tax roll at its fair market value.

County Tax Assessor-Collector Bill Money agrees with Dawkins.

Members of commissioners court have stressed that the tax study committee has only an advisory capacity and may not take any official action.

Commissioners Monday accepted a check for $23,733.36 from the state to be used in improvment of lateral county roads.

The county received trade in credit for $22,100 toward purchase of 200 electronic voting machines from Datamedia Corporation. Datamedia had at first offered the county $17,000 credit for the county's 34 lever-type machines but county officials were able to sell the machines at a higher figure.

"You have to give the judge (Carroll Brown) credit for that," commented Commissioner Bill Butler. "He followed up and got the trade."

Commissioners authorized Commissioner B. R. Jones to advertise for bids for a new pickup for his precinct.

Sheriff L. S. "Slim" Johnston was authorized to advertise for bids for a new radio bay station for his department. The new equipment will have transistors and the contemplated purchase will cost the county about $2,000.

The sheriff told commissioners that present equipment is about 15 years old and is constantly giving trouble. The

Schools Begin September 3rd

Summer vacations for students of the Canyon Independent School District will halt with the opening of classes on September 3 at 8:30 a.m. with the first full day of school.

Students will be enrolled for the fall term on August 29-30 at the respective school, which they will be attending.

All new enrolling students and transfers to this school district should report to the principal's office of the school which they will attend. Incoming students should provide the principal with (1) a statement from the doctor showing immunization against smallpox, diptheria, measles and polio, (2) birth certificate, and (3) a transcript of grades.

School busses will run for the first day of school, September 3, but will not be operated during enrollment.

The schedule of enrollment will begin Thursday, August 29, with high school seniors registering in the commons from 8:30 until noon and juniors at the high school being registered from 1:30 until 4:30 p.m. Opening enrollment at the junior high (August 29) will include the 7th grade in the auditorium at 9 a.m. and the 8th grade at 2 p.m. in the auditorium.

Elementary school enrollment for both Rex Reeves and Gene Howe Elementary School will be conducted on Thursday, August 29, with students whose last names begin A through K registering between 8:30 a.m. and noon and students whose last names begin L through Z being registered between 1 and 4 p.m. Students will register at their respective schools.

Friday, August 30, the registration schedule will include high school sophomores between 8:30 a.m. and noon in the commons and 9th grade at the junior high school at 9 a.m. in the CJHS auditorium.

Straw Vote Ends In Tie

A total of 32 persons cast straw ballots in the Canyon News sampling on the Republican Convention.

Thirteen were cast for Ronald Reagan; 12 for Richard Nixon and 7 for Rockefeller. This indicates that any of the avowed GOP candidates would run fairly well in the Canyon community.

One participant who voted for Reagan indicated that the California governor was second choice and that his first choice was George Wallace.

This actually gave Nixon and Reagan a tie.

City Manager Maps

Priority Plans

Several priority projects have been planned by the Canyon City Commission for the coming months, according to City Manager Paul Davis.

One of these items will be the erection of reflective street name signs at those major and minor intersections which presently do not have signs. The erection of reflective stop signs at those intersections which are in most urgent need will also be given consideration, the city manager said.

Included in those items which Davis said would require a long range look and study of the city's needs for the next ten years is a city hall and police station, library, securing additional water supply, more parks and an overpass at Fifteenth Street.

Davis said city fathers would consider revision of the 1947 zoning ordinance, adoption of subdivision regulations, and revision of the 1952 plumbing ordinances.

In the firld of city employees, Davis said to be considered would be the drafting of a personnel ordinance and updating of a pay plan and classification plan for city employees.

In addition to discussions of a city sales tax, commissioners will probably consider an integration of the city and Canyon Independent School District tax offices, a computerized tax roll system and updating of the refuse system via installation of a trailer train system.

Davis said commissioners would encourage greater cooperation between the city, school and county in the field of parks and the dump ground and would encourage industrial development through participatign in the Canyon Industrial Foundation.

Consideration of annexing additional land north to the WTSU football stadium will be given and commissioners will encourage completion of a master plan which is presently being prepared by Marvin Springer, urban planner of Dallas.

Also listed for consideration is to encourage property owners to tear down old non-usable houses either through the fire department or by taking bids on the building material.

Wait OK For Building Bids

West Texas State University officials are waiting a go ahead from Washinton to advertise for bids for the new university physical education building.

The new building is scheduled for completion by January of 1970 and will cost $3 1/2 million.

The school has received a grant of about $1 million from the federal government and has borrowed about $1 1/3 million from the US.

Financial Vice President Virgil Henson said $1,175,000 has been borrowed privately to finance the new structure. It is a part of some $12,000,000 worth of building contemplated for WT during the next five years.

Fund Gets $143 Aid

About $143 was collected for a "TEXAS" scholarship fund Tuesday night at the Branding Iron Theatre at West Texas State University as 250 persons attended an unusual performance entitled "TEXAS" Originals.

Directed by John Gordon, the show included original music, choreography and scenes portrayed by members of the "TEXAS" cast, who were displaying their individual talents.

The scholarship fund will be administered by William A. Moore, Royal Brantley and Neil Hess with three additional "TEXAS" cast members used for the selection committee when the stipend is awarded after next season's performances. The "TEXAS" outdoor drama is sponsored by the Texas Panhandle Heritage Foundation in Canyon.

NANCY WERNER

One-Man Exhibit To Open

A one-man exhibit featuring works by Nancy Werner will be displayed for the public two weeks at the formal lounge of the Fine Arts Building at West Texas State University beginning Sunday.

A reception for the artist will be held from 2-5 p.m. Sunday. The exhibit will remain on display for two weeks between the hours of 8 a.m. and 4 p.m. weekdays.

Miss Werner will receive a B. S. in fine arts from WTSU with the summer graduating class this year. She has studied with Ramon Froman, portraits and oils, and Dr. Emilio Caballero, watercolors. Dr. Caballero is also head of the art department at WTSU.

A graduate of Tascosa High School, Miss Werner is a member of Kappa Pi art fraternity at WT, the Amarillo Fine Arts Association and the Texas Fine Arts Association.

Her previous one-man shows have included three at the university, for the opening of the Panhandle Education Services Organization offices in Amarillo and at the West Texas State Bank in Canyon.

Push New Zone Standards Here

Recommendations that new zoning standards and a zoning map for the City of Canyon be approved were made at a meeting of two local governmental agencies Tuesday evening.

Members of the city's zoning and planning commissions gave their sanction to the new standards and map of Canyon at a meeting with Marvin Springer. Springer, urban planner from Dallas, has been formulating the zoning rules and regulations for more than a year.

City commissioners .must now take action on new zoning for Canyon after conducting a public hearing.

Springer was retained more than a year ago by city dads to formulate a new master plan for Canyon. Parial funding for the comprehensive plan will come from federal sources.

Discussing the new standards Tuesday, Springer said they were "tools" to be used to help regulate an orderly development of building here.

The two governmental agencies discussed recommendations that were made by about a dozen citizens at a public hearing concerning the zoning map two weeks ago.

The standards, which set forth regulations regarding parking, specific use permits, temporary and boundary zones, area regulations and other guidelines, will be included in the master plan that is to cost about $20,000.

City officials received notification earlier this year that a grant of $10,521 had been approved by the Department of Housing and Urban Development to aid in preparation of the comprehensive plan.

The HUD grant, payable to the State of Texas, will cover three-fourths of the total cost of the planning work. Supplemented by $3,507 in local funds, the grant will finance planning activities for two years.

Springer, who said the City of Amarillo has passed the second reading on their newly formed zoning standards, indicated he would return to Canyon later this month with revisions made at the Tuesday session.

Readers To End Season

Book count for the Texas Summer Reading Club will be made Saturday, August 10, to call a halt to the annual youth reading project at the Canyon City Library, according to Mrs. C. A. Pierle, librarian.

The club's season will be concluded Tuesday evening with awarding of certificates to students who have completed a minimum of twelve books. The swimming party will be held from 7-9 p.m. at Conner Pool.

'TEXAS' Visitors From Far Away

Figures compiled by the "TEXAS"-sponsoring Panhandle Heritage Foundation for the first half of the musical drama's summer season indicate 26 1/2 per cent of those attending the outdoor production came from a 100-mile radius of Canyon.

The surveys, made by young businessmen and women of Canyon and designed to show a profile of the "TEXAS" audiences, were taken from about a thousand heads of parties as they entered the parking area of the Pioneer Amphitheatre in Palo Duro Canyon State Park.

Those percentages are Canyon, 3 1/2 per cent; Amarillo, 18 1/2 per cent; Lubbock, 5 1/2 per cent; area within 100 miles, 26 1/2 per cent; Texas out of the area, 23 1/2 per cent; out of state, 21 per cent; and foreign, 1 1/2 per cent.

The percentages, said Raymond Raillard, executive vice president of the foundation, are very similar to those obtained last year except that the percentage of those attending from Amarillo this year is slightly higher.

Average size of the party was 4.3 per cent and sizes ranged from one person to 19.

In reply to the question of how the patron learned of the musical production, 68 per cent said "word of mouth", 12 per cent said newspapers, 10 per cent radio and 3 per cent television, with the remainder scattered.

Patrons said they had learned of the show in Ohio, New York, Fort Worth, Dallas, Port Arthur, Gulf Coast and other areas.

The production, which began in early July, will continue through Labor Day.

Truly good teachers always have their reward--even though the "innocent" majority do not recognize them.

Cable TV Letter Back To Lawyer

Canyon City Commissioners Monday turned thumbs down on a request from George Dowlen that the granting of any cable television franchise here be determined only through sealed bids.

Dowlen, Canyon lawyer and Randall County Criminal District Attorney, said in a letter to the commission that "a group of citizens" wanted the cable television franchise granted on a sealed bid basis.

"I recommend we refer this back to them because we need some identification as to what company or what group we're dealing with," Mayor Paul Lindsey said in making his decision.

Dowlen Tuesday declined to identify the people he represents.

Troy Martin, publisher of The Canyon News, earlier received acceptance of his application for a 20-year cable television franchise from the commission.

Monday Martin said he thought the sealed bid stipulation would be a "grab bag deal" and that the matter should instead be settled by negotiation.

Noting the matter was "something to be worked out for the next 20 years", Martin added consideration of a franchise request "must be somewhat flexible".

"I think we're entitled to know," Commissioner Jim Christopher said in reference to Dowlen's failure to mention a specific company or individual in his request.

Dowlen said in his letter the "group of citizens" were "interested in" a cable television franchise but no individual was named.

In other business commissioners approved purchase of $770 worth of hose and $980 in air paks to be used by the local fire department. The equipment will be bought from the Bill Storey Fire Equipment Company.

Arch Hunsley, developer of Hunsley Hills, discussed the possibility of further construction in the northern section of the city. Commissioners last year told Hunsley water and sewer lines would be laid to an apartment construction site when work on the project began.

The extension of Fifteenth Street north across the Hereford Highway into Hunsley Hills has been approved for the future.

Roundup Set For Happy Old Settlers

Annual roundup and celebration for the Happy Community has been set for August 17.

Sponsored by the Happy civic clubs, the event will include a full day of activities with bicycle races, a mile long parade, sky divers over the city during the morning and a free barbecue dinner for old timers at Stephenson Park at 11:30.

A public barbecue will also be served. Other events of the day will include a horseshoe pitching contest, a Pony Express Race, kiddie carnival, street dances and a beard contest.

All events will be highlighted with a parade, sponsored by the Happy Jaycees, who are seeking entries at present.

The day's activities will conclude with a western dance.

Happy Jaycee-Ettes will sponsor a "Miss Happy" and "Little Miss Happy" contest in conjunction with the celebration. The beauty pageant will be judged August 10 at the school auditorium. The little miss contest is open for ages 6-11 and the older contest is for girls 12-18. Those wishing to enter should contact LaVenna Jackson, contest chairman.

The beauty pageant queens will reign over the homecoming and celebration for Happy residents.

Building Permits Up From Last Year

Building permits issued by the City of Canyon for the first one-half of 1968 totaled $29,547 more than for a comparable period last year.

Building permits for January through July during 1968 were $1,012,059 compared with $982,512 for the same period in 1967, said E. A. Collie, city building inspector.

Largest month during 1968 for construction was in January when $508,800 in permits were issued. Largest single item recorded in January was $400,000 for the construction of an annex to the Randall County Courthouse. The $500,000-plus for January 1968 compares with $305,340 in January of 1967.

Building in February of this year lagged with only $62,400 in permits and $44,900 in March for permits but skyrocketed in April when $200,754 in permits were issued.

Largest single item during April was $111,704 for construction of a new Methodist Student Center on the West Texas State University campus.

Total dollars in permits has declined since April with $79,220 in May, $68,050 in June and $47,835 in July.

Largest month during the first one-half of 1967 was in January when $305,000 in permits were issued and smallest was $71,400 in February.

New Aide For Dowlen

Mike Hinton, 27 year old Amarillo attorney, is expected to be recommended Monday to Randall County Commissioners Court as the new assistant for Randall County Criminal District Attorney George Dowlen.

Dowlen is expected to make the recommendation at the Monday meeting of the court. Hinton will replace Harris Hampton, who resigned recently.

Hinton lives at 5014 Erick in Potter County and says he expects to continue at that address. He explained that it is not legally necessary for him to live in Randall County in order to serve as criminal district attorney here.

Hinton presently is employed with the district attorney's office in Amarillo, a post he has held since last August. His father, C. H. Hinton, is an oil and gas consultant and a brother, Boyd, is a prominent Amarillo businessman.

Hinton is married and is the father of four children, Kimberly, 7 years old; Michael John, 6; Lucinda, 3; and Charla 1.

He is a graduate of New Mexico Military Institute and the University of Texas Schools of Finance and Law.

The black three-year-old colt is shown after his victory with (l to r) Phil Richardson, publisher of the New Mexican Horse Bulletin, owner Bob L. FROM THE CANYON RIM

I spent last week end in Dallas.

Even in Big "D" there is an atmosphere of fear. There are more people, more things to do and more affluence then ever before but there is also more insecurity.

This is especially true among people who make their living in trades which require personal contact with the public--such as taxi drivers and waitresses.

They fear the lawlessness which tends to permeate America's cities.

The taxi driver who took me from Love Field to my hotel said he plans to vote for Wallace. "He's not going to coddle hoodlums if he gets to be President," the man explained. The driver said he has a feeling that he is facing constant danger just driving his cab.

"It gives you a funny feeling when you have to answer a call at 2 o'clock in the morning and you know that if your fare clubs you in the head and robs you he probably won't do a day in jail for it," he went on.

"Yes sir! I'm for Wallace."

There were three passengers in the taxi besides me. One was outspoken for Reagan and the other two did not commit themselves.

Dallas is having trouble with ambulance service. A story in a Dallas paper said the firm providing this service complained about non-payment of bills.

The firm has been pleading with the city for more subsidy on emergency ambulance service.

* * *

I met Dimitri Vail while I was in the city. He has more than 100 of his paintings, all portraits, on display in the halls of Holiday Inn Central.

He has painted such famous people as John Kennedy, Art Linkletter, Johnny Carson, Jack Benny, Libarace, George Wallace and others.

His fee is $2,500 for a bust painting and $5,000 for a full lengther.

In the motel restaurant is a table reserved for the Vails.

I talked to the artist for several minutes and found he is very much interested in an exhibit at Panhandle Plains Museum. Curator Boone McClure is going to contact him to see if such an exhibit can be arranged.

I rode down to Dallas with a group of about 80 servicemen who had been in training at Amarillo Air Force Base.

The were en route to Biloxi, Miss., for further training before departure to Vietnam.

"What course do you think we ought to pursue in the Vietnam war?" I asked a beardless boy who will undoubtedly fight there.

"Win it," was his unhesitating reply.

Apartment houses are the thing in Dallas now. I. C. Deal of that city is one of the country's leading apartment house builders.

An up and coming young executive with the Deal firm is Margo Williams, formerly a reporter with The Canyon News.

Margo flits about the country keeping tabs on Deal deals. She works long hours, sometimes 16 a day, checking on apartment complexes in Dallas and Arlington.

"I try to visit each apartment house every day," says the vivacious Oklahoma University graduate. Little Margo is already what you might call a wheel in her business. She has an office, a secretary and a platoon of apartment house managers working for her.

She says it is a fascinating business which she declares she got into on the ground floor and intends to ride to the pent house.

This lady has a tremendous rapport with the young folks she houses. She skips lightly into a recreation room, hub of the apartment house social life, talks gaily with a dozen tenants whom she can call by name, skips out and is repeating the routine at another of the far flung Deal enterprises 10 minutes later.

This goes on until Margo has stretched her day from 7 o'clock in the morning until she retires exhausted at 10 or 10:30.

A banker told me Dallas could use 10,000 carpenters right now. He said it is common place to see two or three carpenters working on an apartment building costing $2,000,000. Big "D" is still on the boom.

Letter To Editor

Dear Sir:

Re "From the Canyon Rim," August 1, 1968.

I, too, deplore the methods used by certain SDS groups. However, you appear to condone the alleged unlawful mistreatment of SDS members by Texas A & M students. I am disappointed that you as a publisher would have such an attitude. The idea that "violence is all right if it's on our side" is responsible for much of what is wrong in America today.

P. W. Lambert

(Editor's Note: When a group of thugs block class room doors, someone should walk across them. After all, students who pay tuition are being cheated when a group of law breakers close class rooms. I may be wrong but I'm only human. I think it amusing when Students for a Democratic Society spit upon the law and then come whining for its protection when they get the backhanding they so richly deserve. Of course I do not condone use of mob violence against them. However, you must admit that it is poetic justice.)

Funeral Rites For Mrs. Lock

Mrs. J. H. Lock, mother-in-law of Felix Neff and sister-in-law of Mrs. J. J. Walker of Canyon, died last week in El Paso.

Funeral services for Mrs. Lock were conducted Friday in Marfa.

Our World

BY ANN BROWN

Whatever may be wrong in our world surely originated in our homes. Reputable psychological studies report that a child usually acquires its emotional perception for life its first year, perhaps its first six months, possibly the first three months.

If the new-born is cuddled, kept dry, comfortable, and well-fed, he percieves the world as a nice place.

If, however, an infant is wet, cold, hungry, neglected, or abused, he builds a frame of reference from which he may always see the world as a miserable place regardless of evidence to the contrary.

Rats that have been starved in infancy will hoard in maturity--however abundant the food supply may be.

Among the Arapesh, a primitive tribe in New Guinea, the infants are cherished, protected, and fed on demand. The mature Arapesh are gentle, cooperative people, chiefly interested in growing things.

In contrast, a neighboring tribe, the Mundugumor, carry their infants in harsh baskets that scratch their skin, and nurse them only until barely satisfied. The babies develop a basically angry attitude toward life. Formerly headhunters, the men spend most of their time preying on their neighbors. The women are almost as aggressive; they tend to dislike the role of mother, and spend most of their time providing the food supply, leaving the men free to fight.

* * *

The sad findings of a year-long study of the "Battered Child Syndrome" appeared in the July issue of California Medicine. The author, Dr. Sidney J. Sussman, pediatrics professor at the University of California Medical School, reports:

> Savage beatings, more often than not administered by the mother, may be among the more common causes of death among children in California.

Physical abuse of children in the state, he finds, has reached epidemic proportions. In the last six months, deaths in San Francisco increased by 12 per cent.

When one takes into account the beaten children NOT reported, the statistics are indeed appalling.

The majority of the 21 battered children Dr. Sussman studied were under the age of three. Most of the victims had head injuries; virtually all were beaten black and blue; two were burned; nine had injured bones; one suffered heart damage; two had internal injuries.

One two-year-old girl was beaten to death.

In general, the battered children were underweight, undersized, and anemic. Obviously the abuse was chronic, probably from birth.

Dr. Sussman reports that in all cases the child was abused by a close family member, usually the mother.

The majority of the offending parents were between the ages of 16 and 25, with little difference between the ages of the husband and wife.

* * *

Just because people are biologically capable of parenthood at 16 does not qualify them to become parents. The biological giving of birth no more makes a female a mother than a wedding ring on the finger of a harlot makes her a good wife.

For happy family relationships it is imperative that marriage partners be emotionally mature as well as chronologically mature.

Parents are prone to treat their own children exactly as they were treated by their parents. Whatever parents are, children are likely to be more of the same ("like mother like daughter").

Granted, some parents excuse their over-coerciveness on the grounds that THEIR parents were over-permissive. But both forms of maltreatment stem from the same source: lack of concern for the individual, his rights, welfare, and happiness.

What may today's tortured children be doing to the world twenty years from now?

Only eternity can reveal the ramifications of the abuse of one helpless, little child (Ecc. 12:14).

(Next week a few of the more common social effects of child abuse will be discussed.)

Letter To Editor

Mr. Troy Martin, Editor
Canyon (Guts) News.

Dear Troy:

I just could not help but send in my ballot on your straw vote that I found displayed in my Canyon News. I just took it on myself thinking I am a subscriber, I should be able to vote my convictions. And I also must praise you highly for the remarks you made in the front page editorial about those narrow minded yes yes party serfs in their stand against good old AMERICAN Grady Hazelwood who stands out as a giant against those dwarfs in their party's coat. Good old Grady has always been an America first last and always kind of a MAN of whom I always have been proud and to vote for him. He always had the guts to stand up for the people's and his convictions and he never let party ties dictate to him and I have known him a long time. So I think all of us Americans owe you a very big thank you on the stand you have taken on that issue. Also read your discourse about what is in store for WT come fall from the SDS (Soviets Devoted Serfs) bunch and I am hoping with you that the officials of WT will have the guts to resist that gang of SDS traitors like good Americans. And where did you find that all American Jewel Ann Brown of Our World fame? Man, oh man, I sure do hope you realize what writers gem you have in that fearless lady. Thought I would write you to let you know how at least one of your long time readers feel about that refreshing and American first policy of The good old Canyon News.

Caution Advised With Some Plants

The summertime beauty of the area's lush vegetation in yards, fields, pastures, and woodlands also holds dangers the public should heed, according to John O'Conner, head of the local Soil Conservation Service office.

O'Conner said that throughout the United States and Canada more than 700 species of plants are known to cause death, illness or extreme discomfort to people.

"Chewing, swallowing or otherwise contacting the toxic parts of certain plants, trees and shrubs takes a heavy toll," O'Conner said. "Each year health services report that about 12,000 children are poisoned or injured by these sources."

Parents should be concerned, the SCS official stated, because many of the plants are quite common in flower and vegetable gardens, and in ornamental landscaping, as well as in wild places. Bulbs, roots, seeds, leaves, bean stems or berries may contain poison, depending on the species of plant.

Among those plants O'Conner listed as potentially dangerous are the oleander bush, poinsetta, peach tree leaves, jimson weed, duffenbachia, castor bean seeds, mescalbean and poison hemlock, oak and sumac.

More detailed information on these and other plants can be secured from health and plant authorities, O'Conner said.

He said SCS offices in the state's 184 soil and water conservation districts cooperate with the National Safety Council in keeping the public alerted to plants that may cause problems.

Three Depart For Visit In Germany

Three Canyon residents will depart this week end on a trip to points in Germany where they will visit with relatives.

Jan Jarnagin, daughter of Mr. and Mrs. Clark Jarnagin, will leave Saturday for Nuremberg, Germany where she will visit with her sister, Mr. and Mrs. Ronnie Harris, who are stationed there with the United States Army.

Jan, who will be a senior student this fall at West Texas State University, leaves Saturday from Amarillo. Enroute across the Atlantic, Miss Jarnagin will fly aboard Icelandic Airlines from New York City to Luxembourg, Belgium along with Mrs. Bonnie Whittington and Julie of Canyon.

Mrs. Whittington, who is office manager for the Texas Panhandle Heritage Foundation in Canyon, will leave from Dallas Airport Sunday with her daughter, Julie, 12. After arriving in Belgium, Mrs. Whittington and daughter will travel to Kaiserslautern, Germany for a visit with her son, Lt. Joe Whittington, and wife, Virginia.

"TEXAS" Crowd

ATTENDANCE AT "TEXAS" performances this year has surpassed records established last year for the musical drama that is presented each summer in Palo Duro Canyon State Park. Attendance figures for the fi. st season of the show in 1966 were 61,338 and reached 64,733 in 1967. There have been few performances rained out this season, report officials of the "TEXAS"-sponsoring Panhandle Heritage Foundation. The musical drama, written by Paul Green of Chapel Hill, N. C., will play through Labor Day, Sept. 2.

BEWARE OF LSD.
IT IS DANGEROUS.

LSD, or lysergic acid diethylamide, was discovered nearly thirty years ago and only recently became the subject of intense research. It has possibilities for great good if we can ever learn how to control it.

It has been said LSD is presently the most dangerous drug we have had in a long time. Its results are erratic, unpredictable and highly potent. Evidence indicates it damages the user's chromosomes, leading to mental retardation and birth defects. We will not, under present conditions, stock or sell LSD to anyone.

Big Bear

MRS. BOBBY DORRIS and son, Ken, of Canyon are pictured with an oversize "teddy bear" sent to the youngster by his uncle, S. Sgt. Herbert D. Edes, from Vietnam. Made from kangaroo skins, the Koala bear is reported to be the national animal and a native of Australia who is described as a contented timid animal which sleeps in the forks of gum trees and lives on the leaves. The bears vary from grey to fawn and dark brown and carry their young in a pouch. They cry like babes when molested, according to the information sheet which came with the bear.

Fishermen "Throw 'Em Back"

Four Canyon fishermen have returned from a trip to points in Manitoba Province, Canada where they caught many large Great Northern Pike and Walleye from a lake and then "threw back nearly all that we couldn't eat", according to Dr. W. J. Wooten.

Accompanying Dr. Wooten were Wesley Cox and his son, George, who will be a senior at Abilene Christian College this fall, and Dr. Wooten's son, Ronnie, who will be a freshman at West Texas State University this fall.

The foursome were away from Canyon 7 days which included 3 1/2 days spent infishing and the remaining days in travel.

"We went to Carmirant, a village of 200 persons, in Manitoba Province," said Dr. Wooten, "which is about 550 miles across the Canadian border."

"Carmirant is the name of the small quaint village and a nearby lake which includes about a 15 x 20 mile area."

"We took three 16-foot boats and three 20-horsepower motors with us," stated Dr. Wooten. "The fishing is great, we caught in the neighborhood of about 500. We would catch them, bring them in, admire then and then throw back---all that we didn't need for supper."

"Of course," said Dr. Wooten, "we brought some home with us too---mostly from the last day's catch."

The local fishermen had an Indian guide, Tony Azore, who described the village and his life to the group.

The guide serves as a professional trapper in the winter months and at other times during the year is a guide for hunters and fishermen.

Azore said, according to Dr. Wooten, that his trapping in the wintertime is mostly for beaver pelts. His winter headquarters is 42 miles from his home at Carmirant and it "takes him two hours to go to his headquarters by dogsled".

"He said those snow huskies (dogs) can pull a sled about 21 miles per hour," exclaimed Dr. Wooten. Azore is also reported to travel to his winter headquarters in a snowmobile, which is a sled equipped with a motor.

"Azore told us," said Dr. Wooten, "that he can call and kill a moose in about two hours which is quite extraordinary because those who hunt for sport usually spend about a week or ten days getting a moose."

"In Carmirant there are no cars," stated Dr. Wooten. "The village of 200 is served by one single truck which is used for delivery throughout the town."

"The village of Carmirant has a youth center which is open three nights each week in addition to Saturday when free movies are shown for the young people."

SCHOOL TAX Assessor-Collector, Conway Kuykendall, checks the tax roll with Mrs. Ray Fullerton, who recently completed twenty years service with the department.

School Tax Employee Completes 20 Years

A milestone of 20 years service in the office of the Canyon Public School's Tax Office was passed July 20, 1968 by Mrs. Leatha Fullerton.

"And to think," laughed Mrs. Fullerton, "when I came to work for the tax office I was only planning to work for 3-4 days to help them out of a tight."

Mrs. Fullerton began work with the school tax assessor-collector's office in 1948 after a call from Elmer Wooten, school superintendent at that time. The tax assessor-collector then was T. E. Beard, who resigned several months after Mrs. Fullerton began work.

"Then I worked 18 years under Lee Foster, while he was the school tax man," said Mrs. Fullerton. Her present position as one of the deputy tax collectors for Canyon Independent School District is under Conway Kuykendall who was hired by the school district in August 1966.

"When I started work," said Mrs. Fullerton, "it was the year that the Canyon schools were consolidated. There were about 20 country schools throughout the county and they had been transferring their students to Canyon by bus--so the people voted to consolidate the districts into one."

"We had to bring the valuations of the outlying districts up to the level of those in the original district that year," said Mrs. Fullerton explaining that valuations of land in the outlying district were raised 2 1/2 times to equal those of the original district.

"Dissension over the increase was noted then similar to the current re-evaluation which was conducted here," said Mrs. Fullerton. "But the actual re-evaluation in 1966 was the first time that has ever been recorded in this school district to my knowledge."

Mrs. Fullerton explained that the school tax accounting books date back to 1927 and no other evaluation changes have been recorded in these many years.

Consolidation procedures increased the school district from about 80 sections to around 670 sections that year.

On the tax rolls in 1948 were $154,381.22 compared with the 1967 tax roll which was $705,335.97 assessed. The tax rolls for this year have not been completed yet and Mrs. Fullerton and others in the office at the Randall County Courthouse are presently posting and preparing for statements of the tax roll this year.

The increase in the office workload has been attributed to additional accounts being created as sections of land (formerly owned by one) have been subdivided into small acreages for country homes.

"We worked in this office for 14 years by ourselves," she stated. "Then came Mrs. Jackie Clifton who worked for about 4 years with us and working with us now is Mrs. G. L. Davis, who has been with the tax office for about 18 months."

"During statement time," said Kuykendall, "we hire about four parttime assistants."

Aside from her work, Mrs. Fullerton has three children, eight grandchildren and one great-grandchild to occupy her time. Her husband, Ray Fullerton, farms near Happy and her children are Mrs. Carroll Love of Tulia, Curtis Lehnick of Canyon and Edward Lehnick of Pampa.

Mrs. Fullerton has lived in Canyon 25 years. Her first year here, she was employed with a local tailor shop and then went to work for the Canyon Schools where she spent four years until transferring to the school tax assessor-collector's office back in 1948.

Texas Plains Good Sight On Soldier's Return From War

BY LORENA MILLER

"I'm glad to see the plains of Texas again," said Sgt. Jimmy Handing with a smile.

Sgt. Handing, son of Mr. and Mrs. Anton Handing of Umbarger, returned in early July from a year's tour of duty in Vietnam. He graduated from Canyon High School in 1965 and joined the United States Army in January 1967, taking basic training at Fort Bliss and then to Fort Polk, Louisiana for nine weeks of specialized advanced infantry training before being shipped to Fort Lewis, Washington where he spent a month awaiting boat-shipment to Vietnam.

"When I got to Vietnam", said the 21-year-old sergeant, "I was stationed at Cu Chi with C Company, First Battalion, 27th Infantry, 25th Division."

"My job was a little bit of everything--mostly rifleman," stated Handing. "For the first six months that I was in Vietnam (1967, about August-December) there was mostly just snipers shooting at us from behind trees and things."

"Then about January 4, 1968 the Viet Cong started coming into our area heavier and both sides had heavier casualties recorded."

"I was hit with a bullet that first day in the leg and sent to a hospital in Japan for about 53 days to recuperate from that wound. Then when I got back to the 25th Division, the second day I was back on those search and destroy missions--hunting down the Viet Cong."

For ensuing action, Handing received the Bronze Star for meritorious action while engaged with hostile forces and the Purple Heart as a result of his leg wound. He also received several shrapnel wounds after that resulting in the awarding of other Purple Hearts. He was presented a certificate as King of the Wolfhounds (his group) in the Omnipotent Order of the Kolchak.

"It was like this," said Handing presenting this reporter with a June 24, 1968 copy of the "TROPIC LIGHTNING NEWS" which is printed by the 25th Infantry Division in Vietnam. He pointed out the following story:

SLEEPING CONG
AWAKE TO M-16'S

2D BDE--Quick reflexes by a 25th Inf. Div. team leader in the 1st Bn. 27th Inf. Woldhounds resulted in 21 Viet Cong killed when the enemy was caught sleeping on the job.

The action took place approximately 9 kms west of Saigon near the village of Ap Binh Hoa.

Operating under the command of Lt. Harvey Anderson, Co. C., reinforced by a platoon of tanks from the 2nd Bn. 34th Armor, was conducting a local daytime sweep of the area surrounding a proposed night location.

Anderson explained that he "had the four tanks deployed to the rear behind our ground troops so they could be maneuvered more effectively in the event of a fire fight."

SP4 James Handing, a team leader in the 1st Plt, was moving his men in a file on the extreme right flank of the company, when he noticed a hootch 10 to 15 meters to his right front that had not been searched yet.

"I cautiously moved towards the hootch", Handing recalled, "and was really taken by surprise when I stood in the doorway and saw people lying all over the floor sleeping."

"At first I thought they might be civilians," Handing continued, "but when I saw one reaching for his AK-47, there was no doubt in my military mind who they were! I put my M-16 on automatic and emptied my magazine on them, but I didn't stick around long enough to see how many I got."

SP4 Handing had in fact, stumbled on an estimated platoon of Viet Cong.

A 1st Plt. grenadier, SP4 William Mielke recalled hitting the ground instinctively and looking in the direction from where the shots came. "I had to laugh when I saw Handing running out of that hootch--I've never seen him move so fast!"

The tanks from Co. A. 2d Bn. 34th Armor quickly moved into position and began taking the hootch under fire, Mielke said. "We all had pretty good firing positions, and when the VC started running for cover to a nearby hedgerow, well, they were pretty easy targets and we got them all."

The combined U.S. force sustained only one casualty and were credited with 21 Viet Cong killed in the action.

* * *

Jimmy's mother received a letter from him about this time which was dated June 5, 1968 and reads in part: "We've been running into a lot the past two weeks. In a three day period we lost eleven men counting WIA (wounded in action). Like it's always been, we'll be sweeping and the point man gets gunned down by concealed bunkers, then we usually get a few more hit getting him out of there, and then going in and getting the bunkers. O well, I guess I won't be seeing too much more of that. I don't know when I'm going to be able to get out of the field for good. Out of the 38-man platoon that was here when I got here, there's only two of us left here on the line."

After getting back to Texas, Handing stated that "four came back with him from Cu Chi who went in with him when he arrived there". He did not know how many had been wounded and shipped home earlier in the year. Coming back with Handing to Travis Air Force Base in California were "a fellow from Michigan, a guy from New York, Joe Parker of Hereford, and I've forgotten where the other fellow was from," according to his statement.

And so he set his feet on Texas soil July 6 to be welcomed by his parents, Mr. and Mrs. Anton Handing of Umbarger, and his five brothers and three sisters.

"They sure were a welcome sight," laughed Handing, who has spent the last month under the Texas sun working in the fields with his father, sleeping and just "goofing off." He reported August 6 to Fort Gordon, Georgia where he will complete the remaining five months of his service duty before being discharged.

Noto and his campers left New York July 4 and had two weeks left of their trip when here last week end. They attended the "TEXAS" outdoor drama Wednesday evening, spent that night camped in Palo Duro Canyon, took nature trail hikes in the canyons Thursday morning and completed their visit here with a tour of the Panhandle Plains Historical Museum Thursday afternoon.

Ben Richardson and Cliff Prichard attended an Order of the Arrow ceremony at Camp Don Harrington recently.

At a meeting last week, the two scouts reported to Troop 197 which includes Stan Prichard, Jeff Brown, Paul and Ross Griffin, Roy Luna and Newton Richardson, scoutmaster.

MRS. CHARLES LEE BUSSEY

Miss Jan Haggard-Bussey United In Church Rites

First Methodist Church of Canyon was the site for double ring marriage vows read August 2 for Miss Janet Kay Haggard and Charles Lee Bussey.

The bride is the daughter of Mr. and Mrs. W. F. Haggard of Canyon. Parents of the bridegroom are S. M. Bussey of Amarillo and Mrs. Kenneth Loyd of Fritch.

Bob Wear, Church of Christ minister from Littlefield, officiated at the exchange of marriage vows. Miss Mary Starnes sang "Thee I Love", and "Wedding Prayer" by Dunlap. Traditional selections at the organ were presented by Mrs. Glenn Dowlen.

The church was decorated with large baskets of pink gladioli and white shasta daisies on Grecian pedistals, flanked by spiral candleabra entwined with greenery. White satin draped the choir rail and was accented with greenery. A white satin aisle runner was also used.

Miss Charlotte Allen of Canyon was maid of honor. Bridesmaids were Miss Katie Upshaw of Canyon, Mrs. Rickey Widick of Amarillo, sister of the bridegroom, and Mrs. Robert Berryman of Amarillo. Their gowns were made identically with princess lines and veils were attached to satin double bows with white gloves and matching pink peau de soie being used for the shoes. Each carried a cascade of pink shasta daisies and baby's breath. The bridesmaids were outfitted in hot pink satin and the maid of honor was in a pastel shade of matching pink.

Miss Tammy Loyd of Fritch, sister of the bridegroom, served as flower girl. She was dressed in matching hot pink. Ringbearer was Todd Futrell of Amarillo, a cousin of the bridegroom.

Candlelighters were Misses Sylvia Brown of Phillips and Linda Hand of Canyon. They were gowned in pastel pink and had headpieces of pink satin double bows. Each wore a wrist corsage of pink roses.

Wedding guests were registered by Mrs. Jerry Fry of Garland.

Best man was O. L. Futrell of Amarillo, an uncle of the bridegroom. Groomsmen were Bob Haggard of San Antonio, brother of the bride, Ricky Widick of Amarillo and Scott Russell of Canyon. The groomsmen also served as ushers.

Given in marriage by her father, the bride wore a formal dress of bridal satin designed with a controlled A-line skirt sweeping to back fullness and cascading into a chapel train. Her fitted empire bodice was designed with a bias fold of self fabric and the yoke front of Chantilly lace was enhanced with seed pearls. The lace formed a Victorian collar which was also traced with seed pearls. The gown had elbow length sleeves of Chantilly lace and seed pearls. The lace at the yoke was extended into a capelet in the back and accented the top of the satin train which was edged and accented with lace.

Her tiered elbow length veil of imported French illusion was held to a cluster of white satin rosebuds, Chantilly lace and seed pearls. Her jewelry was a pair of pearl earrings, and a small Cameo necklace which were a gift from the bridegroom. She carried a cascade bouquet of white sweetheart orchids, feathered carnations and baby's breath.

Fellowship Hall of the church was the site for a reception honoring the couple after the marriage ceremony. The tea table was covered with a white net over pink silk and centered with an arrangement of candles and bouquets of the bridal attendants. The three-tiered wedding cake was served by an aunt of the bride, Mrs. Jack Stuart of Denton. Mrs. Sam Bussey of Amarillo poured the punch.

Others included in the houseparty were Mesdames Ed Bourn, Ross Craig, Robert Jarrett, Hampton Lisle, John Plaster, Floyd Tomlinson, John Williams and Mitchell Jones.

For a wedding trip to points in Texas, the bride changed to a slate blue linen A-line dress with coordinating linen coat of slate blue and antique gold plaid. Her shoes and gloves complemented the gold in her coat and she wore a white orchid corsage, lifted from the bridal bouquet.

For her daughter's wedding, the bride's mother wore a tunic styled dress of gold silk with bronze trim complemented with a matching hat and shoes in the bronze color. Her corsage of yellow roses was accented with feathered yellow carnations. The bridegroom's mother wore a coral linen tunic styled dress with a white hat and her corsage was white roses with feathered white carnations.

The couple will establish their home at 2101 First Avenue, Apartment 1, in Canyon where both will continue their studies at West Texas State University this fall. Both are graduates of Canyon High School and are attending WTSU, where she is an elementary education major and he is majoring in physical education.

Mike wears a modern splash print shirt with a brown cardigan sweater and brown Levi's while Joe Don is outiftted in a Nehru shirt of bold paisley squares and white Levi's and holds a brown wind breaker.

COOK OF THE WEEK

Shares Favorites

Mrs. Charles Brown has been selected as our Homemaker of the Week to share three recipes with our readers including Frozen Pineapple Torte, Teriyaki (which is a Hawaiian dish), and Hamburger Pie (an easy quick meal).

Mrs. Brown, the former Kathleen Sharpe, was raised in Long Beach, California and many other Navy ports as her father is a retired Naval Lieutenant Commander. She graduated from Willson High School in Long Beach, California and has a sister, Cheryl Wells, who lives in Lakewood, California. Her parents, Lt. Com. and Mrs. Russell Sharpe, reside in Long Beach.

Miss Sharpe and Charles Brown were married in June 1958. He was a student at West Texas State University at that time and was commissioned in August 1958 for the service, going active in 1958 when he went to Armor Officer's Basic Course at Fort Knox, Kentucky.

A service wife, Mrs. Brown and her family have since lived in Germany for three years, been stationed in Fort Benning, Georgia, and remained in the United States while Capt. Brown served during 1963-64 in Vietnam. They then were sent back to Fort Knox, Kentucky and from there came to Canyon two years ago. He is assistant professor of military science in the Reserve Officer's Training Corps at WTSU presently and this summer has received orders to report for Vietnam in October. While he is back in Vietnam, Mrs. Brown said that she and their two sons would return to California to live near her parents.

Their sons are Rusty, 9, and David, 7. Rusty is active in the scouting program and played with the Cardinals Little League team during the summer. He is to be a fourth grade student this fall. David will be in the second grade.

"One thing I hate about leaving Canyon," said Mrs. Brown, "is the fact that the boys will be leaving your fine elementary school here. And too, my husband was beginning this fall on his thesis for his master's degree at WT."

"Canyon has given us a welcome, and we hate to leave," said Mrs. Brown explaining that there is sometimes a community indifference to military personnel which the family has not found here.

"We have been more active in community life here, than ever before," she said.

Capt. Brown is a member of the Canyon Kiwanis Club and last year both were involved in scouting. He was an assistant cubmaster for Troop 31 and she was a den mother for Den 1, Pack 31 in Canyon. Mrs. Brown is also a member of the Military Wives' Club here and has been bowling on the women's winter and summer leagues.

She stated that she "likes reading, sewing, bowling and loves to swim." Her husband is a sports enthusiast and especially enjoys football.

Although born in California, Capt. Brown was raised and graduated from high school in Amarillo. He is the son of Mr. and Mrs. Sam Brown, Sr. of Amarillo. His father is chief of towers at Amarillo Air Force Base, a civilian position.

Her recipes are:

HAMBURGER PIE
1 med. onion, chopped
1 lb. ground beef
salt and pepper
1 No. 2 can green beans (2 1/2 cups)
1 (10 1/2 oz.) can condensed tomato soup
5 med. potatoes, cooked
1/2 cup warm milk
1 beaten egg
salt and pepper

Brown meat and onion. Add seasonings and drained green beans with soup. Let simmer for a few minutes. Pour mixture into casserole.

Mash potatoes, add milk, egg and seasonings.

Spoon potatoes in mounds over meat and bake at 350 for 30 minutes.

* * *

TERIYAKI
3 lbs. sirloin or round steak, beaten
2/3 cup soy sauce
2/3 cup water
1/4 cup syrup made of sugar and water
1/4 cup cooking sherry
3 tsp. ground ginger
1 small clove minced garlic

Cut meat in cubes, strips or serving pieces. Beat meat well and marinate for several hours in sauce (depending on desired taste).

Either thread bite-size chunks onto skewers or place steak strips or serving pieces on grill over charcoals. Turn and brush frequently with sauce until reaches desired state of doneness.

Serve with a Chinese Fried Rice or other favorite outdoor foods.

* * *

FROZEN PINEAPPLE TORTE
3 egg yolks
dash salt
1/2 cup sugar
1 (9 oz.) can pineapple, drained
pineapple syrup
2 Tbsp. lemon juice
3 stiff beaten egg whites
2 Tbsp. sugar
2 cups vanilla wafer crumbs or graham cracker crumbs
1 cup heavy cream, whipped

Beat egg yolks, salt and 1/2 cup sugar. Add pineapple syrup and lemon juice. Cook over hot (not boiling) water until mixture coats spoon. Stir constantly. Add pineapple, stir and allow to cool.

Make meringue of egg whites and 2 Tbsp. sugar. Fold whipped cream into cooled custard mixture.

Coat sides of refrigerator tray with oil and then wafer crumbs. Spread half of the remaining crumb mixture over bottom. Pour in custard mixture. Cover with crumbs and freeze until firm, about 3-4 hours. Serves 6-8.

Bridal Event Held Saturday

A miscellaneous bridal shower honoring Miss Carolyn Upshaw, bride-elect of Randy Brown, was held Saturday evening in the home of Mrs. S. P. Burgess of Canyon.

Registering guests was Miss Beverly Brown, sister of the bridegroom-elect. Among special guests registered were Mrs. Fancher Upshaw of Amarillo, grandmother of the bride-elect, and Mrs. C. W. Terry of Post, grandmother of the prospective bridegroom.

A lace cloth and linen covered the serving table which was accented with an antique glass candelabra and centered with a blue and white bouquet of daisy chrysanthemums and gladioli. Miss Katy Upshaw, sister of the bride-elect, presided at the tea table.

Assisting Mrs. Burgess with hostess duties were Mesdames J. W. Billingsley, Tracy Cox, Carroll Dooley, Herbert Gerdsen, Orville Hicks, John Hoover, Borden Price, Phil Swatzell, Dale Killingsworth, Cecil O'Donald, Glenn Sparkman, Joe Whittington, Aubrey Crossland and Hatcher Brown.
